SIX REPORTED KILLED

TWENTY-FIVE OR THIRTY OTHERS
INJURED IN A NEW JERSEY
EXPLOSION.

CEMENT PLANT DAMAGED

Fire Destroys Portion of Edison Factory at New Village, N. J.—Quantity of Gas Ignites in a Large Coal Bin and the Concussion Blows the Bin to Pieces and Injures Workmen in its Immediate Vicinity.

Easton, Pa., March 3.—Six men are thought to be dead and twenty-five or thirty others are injured, several of them seriously, from the effects of an explosion at the Edison cement plant, at New Village, N. J., seven miles from here, on the line of the Delaware, Lackawanna and Western railroad. A large part of the plant was burned. Six men are missing and it is feared their bodies are in the ruins. Their names have not been learned. The most seriously injured, all of whom are burned, are: E. E. Darling, William Stearns, Harry Koss, H. L. Goodwellie, George Bowman, Clinton S. Race, Alexander Wolf, George Bowman, and Harry Wilkman. All of these men have been brought to Easton. The remainder of the injured are being cared for at New Village and at Stewartville at farm houses in the vicinity of the plant. Special trains have been running between New Village and Easton all night and more of the unfortunate men are expected to be brought to the local hospital.

Gas Causes Explosion.
The explosion occurred in one of the large coal bins and was caused by the ignition of a quantity of gas. The day before had discovered a slight fire about 5 o'clock, but the men thought they had extinguished it. Foreman Ross went to the bin just before quieting time, and as he opened a door, a terrific explosion occurred. The bin was blown to pieces and the workmen who were near it were injured. The wreckage took fire and the flames spread rapidly. For a time no effort was made to check this progress, the attention of the uninjured being directed to the care of their less fortunate companions. The coal bin, the coal blower house, the fine coal house, the coal storage building, three conveyors and one receiving tower are in ashes. Assistance was asked from the Washington, N. J., fire department. If no further explosions occur, it is thought the flames will not spread to the other buildings.

AMERICAN AMBUSHED.

Fell Into Trap Set by Troops of Honduras Government.
New Orleans, March 3.—The steamer Breakwater, from Puerto Cortez, Honduras, brought news of a desperate battle between government troops and a force of insurgents, under command of Lee Christmas, an American, which resulted in the defeat of Christmas and the almost complete annihilation of his little army. At the outbreak of the recent revolution Christmas cast his lot with Bonilla. He organized an army in the interior of Honduras and was marching at the head of a column of 200 men, when he fell into a trap set by the government forces at Matamoros, at two days' march from the capital. He was attacked by the government

troops from all sides and a fierce fight followed in which sixty of his men were killed and one hundred wounded. Christmas, with forty men, cut his way through the lines of the government troops and escaped. The government has offered a large reward for his capture, either dead or alive. The government forces lost one colonel and three non-commissioned officers. The commander of the Breakwater reports that the revolution has completely paralyzed all business in Honduras.

MERRIAM'S SITUATION.

Accepts Vice Presidency of a New York Mercantile Company.

St. Paul, March 3.—A special to the Globe from New York says: W. R. Merriam, director of the census at Washington, arrived in New York during the day and accepted the first vice presidency of the International Mercantile agency, the newest rival of Dun and Bradstreet. He left his resignation in Washington and it was received by President Roosevelt during the day. Mr. Merriam will soon bring his family from St. Paul to New York and remain permanently. He will devote his entire attention to the work of the new mercantile agency.

NEWSPAPER MEN ARRESTED.

American Staff Writers Charged With Libelling General Davis.

Manila, March 3.—William Crozier, editor; Mr. Kenny, manager, and Mr. Green, a reporter of the American, have been arrested on the charge of libelling General Davis. When General Davis expressed his partial disapproval of the findings in the Major Glenn case, the American published an editorial charging General Davis with a desire to curry favor with the administration in the hope of being selected to succeed General Miles in the command of the army. General Davis referred the article to Governor Taft.

FURIOUS HURRICANE.

Worst Storm in Many Years Raging at St. Johns, N. F.

St. Johns, N. F., March 3.—A furious hurricane, the worst for many years, raged here Sunday. One schooner was wrecked, but the crew was saved. It is feared that other disasters have occurred along the coast.

The gale has not yet abated. A number of bridges and fishing stations have been destroyed.

FIFTY FACTORIES CLOSED.

Brooklyn Firms Fail to Comply With Sanitary Regulations.

New York, March 3.—The state superintendent of factories and a party of inspectors went through the clothing factories in the Brownsville district of Brooklyn. Fifty factories were closed on the ground that they did not comply with the laws regarding ventilation and sanitary conditions. A number of children were sent to their homes, being under the age required by law.

FOURTEEN PEOPLE INJURED.

Grade Crossing Accident Occurs at Indianapolis.

Indianapolis, March 3.—Fourteen people were injured in a grade crossing accident in the evening. A street car carrying twenty-five passengers was struck by a cut of freight cars at the Indiana, Decatur and Western crossing in Washington street. The car was thrown some distance, and two box cars were overturned. The injured will recover.

ELECTS TWO SENATORS

DELAWARE LEGISLATURE ENDS
THE LONG CONTEST IN
THAT STATE.

VICTORY FOR J. E. ADDICKS

So Regarded Because of the Refusal of the Regular Republicans to Agree to a Compromise With the Democrats—J. Frank Allee and L. Heister Ball the Men Finally Chosen.

Dover, Del., March 3.—For the first time in four years the state of Delaware during the day secured full representation in the United States senate. At a special session the state legislature elected State Senator J. Frank Allee (Union Republican) to the senatorialship which expires in 1907, and Congressman L. Heister Ball (Regular Republican) to the term expiring in 1905. The selection was undoubtedly due to pressure from Washington brought to bear upon the Regular Republicans in the legislature who have all along been opposed to the election of J. Edward Addicks or any of his adherents to the United States senate. Congressman Dick of Ohio came to Dover during the day in the interest of Republican harmony. He established headquarters at the hotel Richardson, where, prior to the joint session of the legislature, he received a delegation from each Republican faction. He advised the acceptance by the Regular Republicans of the Union Republicans' proposition agreed upon in Philadelphia Saturday, that a Union Republican be elected to the long term senatorship and a Regular Republican for the short term. Addicks himself to be eliminated.

House Was Crowded.

In expectation of a settlement of the senatorial difficulty, politicians and prominent men from every section of the state were present at the day's session of the legislature. The election of Messrs. Allee and Ball was announced to an audience that filled the house of representatives to suffocation. Men were standing upon the window ledges and so compact was the crowd that many of the speakers stood upon the shoulders of others supporting themselves against the walls of the assembly room. The noise and confusion on the part of those who came to witness the proceedings was so great that many of the legislators became bewildered and apparently did not know how to vote when the roll was called.

Mr. Addicks was the first to congratulate Senator Allee, and he was followed by a long procession of legislators and spectators, all of whom were anxious to shake the hand of the successful candidate.

The election is regarded here as an Addicks victory because of the refusal of the Regular Republicans to agree to a compromise with the Democrats.

FISHERMEN IN PERIL.

About Twenty of Them Adrift on a Large Body of Ice.

Menominee, Mich., March 3.—About twenty fishermen are in peril on a large body of floating ice that suddenly broke loose Sunday afternoon between Baileys Harbor and Chambers Island. A strong west wind has been carrying the ice floes out toward Lake Michigan, and it is feared that unless the men are quickly rescued, it will be broken up by the waves at Death's Door, the entrance to Lake Michigan. Three men managed to get off the ice floe at Fish creek and three were rescued farther down the bay. It is reported that several more were rescued just as the ice was bearing down on Death's Door. Captain Hill of the Hill steamboat line with a picked crew, has gone to the rescue.

TAKE FRENCH LEAVE.

Eighteen Men of the Maine Absent Without Permission.

Washington, March 3.—Animated by reports of grave disorders among the crew of the new battleship Maine, the navigation bureau telegraphed to Captain Letzert, commander of the ship, to ascertain the facts. He replied as follows:

"Eighteen men absent without leave, having left the ship while in dock. No one shot or shot at."

Admiral Taylor says that considering the fact that the Maine is just newly in commission with a strange crew the number of absentees reported (they are not set down as deserters) is exceedingly moderate.

TWO MORE DIE.

Typhoid Fever Epidemic at Ithaca Still Claims Victims.

Ithaca, N. Y., March 3.—The roll of victims of the present typhoid epidemic was increased during the day by the deaths of Miss Mary L. Birdsell and Mrs. Davenport, both residents of Ithaca. The condition of student patients was reported to be the best of any day during the epidemic.

Up to date nineteen Cornell students have died of the fever.

The election on the question of municipal control of the waterworks resulted in an overwhelming victory for city ownership, there being 1,235 votes in the affirmative and only 39 in the negative.

BURDICK MURDER MYSTERY.

Disappearance of Liquor Bottle Again Brings a Woman Into Case.

Buffalo, N. Y., March 3.—Nearly four days have elapsed since the body of Edwin L. Burdick was found in his "den" on the first floor of his home in Ashland avenue, with his skull crushed to a pulp. During that time the district attorney's office and the detective force of the city have worked night and day on the case. Scores of persons have been called into the district attorney's office at all times of the day and night.

The clues upon which it is evident the police are at the present time devoting the most attention are:

The lone woman seen on Ashland avenue at 10 o'clock on the night of the murder; the unidentified man driving to the neighborhood by Delahunt at about 11 o'clock; the stained golf stick and the quart bottle of cocktails that Mr. Burdick took home on Thursday afternoon, the day before the tragedy, and which has not been seen since. The wrapper in which the bottle was taken to the house was found in a garbage can back of the house. The bottle itself has never been found.

The significance of the disappearance of this bottle of liquor became known at night. It again

Brings a Woman Into the Case.

This particular woman will be most difficult to trace for she first comes into the case at one end of a telephone wire which was connected with Mr. Burdick's office. It is known, however, that the same voice had frequently been heard over the telephone inquiring for Mr. Burdick.

On the afternoon before the murder this unknown woman called up Mr. Burdick's office and asked if he was in. It was not Mr. Burdick who answered the 'phone. The police know who did. They have had him at the district attorney's office several times. Mr. Burdick was in, and after a brief conversation with her Burdick left the office.

From the office he went to a well known liquor store and bought the now famous bottle of cocktails. A domestic at the house has informed the authorities that Mr. Burdick brought the bottle home and placed it in the sideboard. No one at the house has seen it since. Three women are now under suspicion.

City Chemist Hill is at work making examinations of the liquor found in Mr. Burdick's "den" and the contents of Mr. Burdick's stomach.

PRESS INSANITY PLEA.

Knapp's Relatives Will Try to Save Him From Electric Chair.

Hamilton, O., March 3.—Owing to the fact that Knapp has pleaded not guilty and that he has not yet secured counsel, the date of his preliminary hearing has not yet been fixed. Prosecutor Gard and Judge Belden had a consultation in the afternoon in reference to the calling of a special grand jury, but no conclusion was reached.

The developments of the day show that the family of Knapp intend to press the defense of insanity to the last.

Fear of the electric chair, along with the pleading of his relatives, who think they can prove that he is insane, and the failure of the police to find the woman's body, lent reason to Knapp's plea of not guilty.

Can Gain Long Respite.

It is thought that whatever will be his punishment for any of the murders in Hamilton, Cincinnati or Indianapolis, he can gain a long respite by fighting even in the face of his own confessions.

Knapp was accorded the privilege of naming the day for a preliminary hearing.

Knapp sat with his hands folded during the arraignment and seemed to be the most indifferent person in the courtroom. He seems to believe that his folks will prove him insane and that the worst fate that awaits him is commitment to an asylum.

Mrs. Knapp's Body Found.

A dispatch from New Albany, Ind., says that the body of a woman was found floating in the Ohio river during the day. It answers the description of Hannah Goddard Knapp, including the gold band ring on the left hand and the gold earrings that Knapp maintained would be found on the body. The hosiery also answers the description given by Knapp.

Further details from New Albany of the finding of the body in the river there show that it is without a doubt the body of Mrs. Hannah Goddard Knapp. The jewelry and stockings found on the body were described to Knapp and Goddard, an uncle of the dead woman, and they both declare that they were those of Mrs. Hannah Goddard Knapp.

PRESENT AN ULTIMATUM.

Wabash Trainmen Will Strike Unless Demands Are Granted.

St. Louis, March 3.—Unless certain demands for an increase in wages on the Wabash system east of the Mississippi river are granted by noon it is probable that a general strike will be instituted. Committees representing the trainmen and firemen of the road sent ultimatums to President Ramsey notifying him that the result of the poll among the employed members of their organization was that the demands of 15 per cent increase for freight men and 12 per cent increase for passenger men east of the Mississippi exclusive of the Canada lines and double pay for double headed freight trains must be conceded by noon or a strike would be ordered. The conductors and engineers notified President Ramsey at the same time that they would abide by the increased schedule granted a week ago and were not in favor of a strike.

NOT SUBJECT TO COPYRIGHT.

Messages and Papers of Presidents Are Public Property.

Washington, March 3.—Representative Heatwole submitted the following report to the house from the committee on printing, of which he is chairman, on the resolution introduced into the house concerning the publication of the messages and documents of presidents:

"Your committee are of the opinion that publications authorized by congress cannot be copyrighted. Your committee are further of the opinion that all messages and papers of presidents of the United States of America are public documents and therefore not subject to copyright. In order to prevent the use of government names or terms liable to confuse and mislead the public your committee respectfully present the following bill and recommend its adoption."

The bill reported makes it a misdemeanor to stamp as copyrighted any government publication. A fine not exceeding \$100 or imprisonment for not more than thirty days, or both, is fixed as the penalty.

CROWDS IN ROME.

City Overflowing With Visitors to Papal Ceremonies.

Rome, March 3.—The city is overflowing with visitors. The hotels have turned the bath and billiard rooms and offices into bedrooms, but the accommodation is still insufficient for the crowd of 20,000 pilgrims besides the 50,000 other visitors who have arrived for the day's ceremony. Forty-six out of the fifty-eight members of the sacred college are here, together with nearly 300 archbishops and bishops. The pope passed a very quiet birthday, spending most of the time resting to please the doctors, or, as he said, "praying to please himself."

TWO FATALLY INJURED.

Large Number of Men in Grave Peril Near St. Louis.

St. Louis, March 3.—Two men were probably fatally injured, seven were less seriously hurt, and fifty others had a narrow escape from death at

Spring Park, ten miles from St. Louis shortly after noon.

The seriously injured are: John Hoffman, Springfield, O., and William B. Kauffman, Little Rock, Ark. A construction train having on board fifty men and a local freight collided as the result of an open switch. The injured were brought to St. Louis.

VENEZUELAN QUESTION.

Discussion in House of Lords Leads to Attacks on Government.

London, March 3.—The debate in the house of lords on the Venezuelan question served to fan the flame of editorial attack on the government for its conduct of the Venezuelan affair, but failed to throw any fresh light upon it.

TUESDAY, MARCH 3, 1903.
Weather.
Cloudy tonight and Wednesday.

An extra session of congress has been called to act on matters of importance to the nation.

GAMBLING is a felony in Washington, the state legislature having just passed a bill to that effect.

THE report that W. R. Merriam is to accept a position with a prominent New York financial concern is denied although it is a fact that he will soon retire from the census bureau.

DR. AMES isn't to be the whole thing in Minneapolis scandal circles. It is charged that a hose company attempted to corrupt an alderman by offering him a bribe and an investigation has been ordered.

At Little Falls a hypnotist of the fake order burglarized a hardware store and shortly afterwards made a lady a present of a new revolver and pen knife which will pave the way for his admittance to the state boarding house at Stillwater.

If it is constitutional a bill is to be introduced to disfranchise non-tax-paying voters so far as votes upon any proposition involving the issue of school or municipal bonds are concerned. Frequently it is the case that propositions of this kind are carried by the votes of men who pay no taxes and upon whom a bond issue works no hardship. It would be good common sense to have such a law upon the statute books.

BON DUNN's Princeton Union has been the only newspaper that town ever boasted of and it has so ably covered the field that there has been no need of a competitor. However, the time has arrived when some one imagines the Union is coining money and a second paper is to be started by M. L. Cormory and it will be called The News. The field is not large enough for two publications of the Union class and as Bro. Dunn's publication is not expected to deteriorate the new publisher will have to hurry.

WELL KNOWN MEN FORM COMPANY

D. M. Clark, of this City, Interested in New Wholesale Fruit House in St. Paul.

MAKE STRONG COMBINATION

J. Mulrooney, E. J. Ryan and D. M. Clark are Members of the New Firm.

A new wholesale fruit company has been organized in St. Paul which will be known as Mulrooney, Ryan & Clark, and at least two of the gentlemen are very well known in this city. E. J. Ryan, who travels for Foot, Schultz & Co., and D. M. Clark. Mr. Mulrooney is also well known to the trade and has many friends in this city. D. M. Clark, of the firm of D. M. Clark & Co., is perhaps the best known of the three and his large circle of friends in this city will wish him all the success in the world in the new enterprise. The business here will be conducted the same as heretofore and Mr. Clark will not leave the city.

J. Mulrooney has been in the wholesale fruit business in St. Paul for a long time and is very well known over the northwest. J. H. O'Brien, son of P. D. O'Brien, of this city, who has been traveling out of Ashland for some time for J. Mulrooney, is in the city and will hereafter cover the territory for the new firm of Mulrooney, Ryan & Clark, with Brainerd as his headquarters.

W. Rogers went to the cities last night on business connected with his employment agency.

A. L. LaFreniere, editor of the Itasca County Record, of Phenix, was in the city today.

The Ladies Aid society of the Presbyterian church will meet with Mrs. Fratcher, corner of Ninth street and Bluff avenue, tomorrow afternoon.

MUSIC AND DRAMA.

"FAUST."
The pretty scenery and dresses, added to a newly invented system of electrical effects, would make Lewis Morrison's "Faust" remarkable anywhere. The choral and vocal work by an invisible choir and soloists is one of the most impressive features of the cathedral. It partakes of the nature of an oratorio with a high lyric soprano voicing the recitative as Satan listens in mockery and adds solemnity and beauty to a scene that delights the eye by the rapidly changing cloud and light effects, while the ear is charmed by the musical numbers. The garden and Brocken scenes, as well as the beautiful apotheosis, are all bright and new from the studios of Seavey and Armbruster.

Lewis Morrison's newly revised version of "Faust" comes to the Brainerd Theatre next Thursday. Seats will be on sale tomorrow at Dunn's.

"KERRY GOW."

The dean of the community of American actors making the delineation of Irish characters a specialty, is Joseph Murphy, famous throughout this continent by virtue of his creation of the character of Dan O'Hara in the play of "Kerry Gow". As an actor, Mr. Murphy is fairly entitled to the honorable position he holds, but it is very probable that he might have been longer, much longer, in winning his place, had he not been fortunate in the getting of a play. The "Kerry Gow" is full of good speeches, it fairly bubbles over with Irish wit and humor; its situations are so novel that they never grow old, and the story itself is as clean and sparkling as the mountain brook. As a play, it is perpetually youthful. Joseph Murphy will present the "Kerry Gow" at the Brainerd theatre next Saturday night.

GORDON-SHAY COMPANY.

The Gordon-Shay Grand Opera Co. will appear at the Brainerd opera house on next Monday evening, appearing in or "Il Trovatore".

Each member of the Gordon-Shay Grand Opera Co. is accomplished in some other art along with his or her music. Rose Cecelia Shay, the gifted prima donna, is a painter of note. J. S. Gordon, the astute impresario, missed being a sculptor only by discovering he had uncommon executive and business ability. He wields his plastic tools now from time to time as recreation. Helen Noldi, the dramatic soprano, is one of the best harpists who ever came out of Italy. Achille Alberti would have been a great violinist had he not elected to be a great baritone. John Dunsmore, the thundrous basso, once thought himself cut out for an architect and even now he occasionally designs residences for friends. He has in mind an ideal opera house which he hopes to work out on paper and ultimately perpetuate in marble. Chas. Bassett, the silver voiced tenor, is a piano virtuoso of first rank.

With its members thus possessing the artistic temperament to a marked degree, it is no wonder the Gordon-Shay Grand Opera Co. bring to bear upon their interpretations of the musical masterpieces an intellectual insight and sympathy which appeal strongly to the minds and sensibilities of their enlightened audiences.

FUNERAL THIS AFTERNOON.

Over the Remains of the Late Mrs. Mabel Cross Held this Afternoon from Presbyterian Church.

The funeral services over the remains of the late Mrs. Mabel Cross, who died yesterday morning, were held this afternoon at 3 o'clock from the First Presbyterian church, the Rev. Lincoln, Neb., Feb. 28.—Telegrams from Central and Western Nebraska towns say a heavy blanket of snow covers the whole region and the storm is continuing. A dispatch from Alinsworth says: "All traffic is suspended. Much suffering among stock is reported and the loss of range cattle will be large."

\$40,000 BONDS WILL BE ISSUED AT ONCE

Board of Education at its Meeting Last Night Adopted a Resolution to this Effect.

TO BE ISSUED ON APRIL 1.

Bonds are to Run Twenty Years and to Bear Interest at Four Per Cent.

The regular meeting of the board of education was held last night in the Washington school building and some important matters came up, besides the transaction of the routine business.

Supt. Hartley's monthly report showed an average daily attendance during the month of January of 1730 pupils.

The finance committee reported having checked up the books of the treasurer and found them to be correct in every particular.

The board took the final step to issue the \$40,000 bonds for the purpose of building additions to the Washington and the Lowell school buildings. When the resolution providing for the issuance was presented by Mr. Johnson there was not a dissenting voice and it was unanimously adopted. The resolution is as follows:

RESOLVED, By the board of education of the Brainerd Independent school district,

That bonds of the said district be issued in the aggregate sum of \$40,000, to provide the necessary funds for the construction of a \$30,000 addition to the Washington school building and a \$10,000 addition to the Lowell school building, as determined and designed by a majority of the votes cast at the district meeting held on February 18, 1903. Such bonds are to be in denominations of \$1,000 each, to run twenty years and to bear interest at the rate of four per cent per annum, payable semi-annually, and to be issued under date of April 1, 1903.

That the clerk be instructed to advertise for the purpose of said bonds, and that such advertisement be inserted in at least one newspaper in the cities of Minneapolis and St. Paul and also in local papers.

On motion the finance committee was authorized to negotiate a temporary loan for the payment of current expenses.

After the bills were allowed the board adjourned. It was a short but satisfactory meeting.

THE TAX LEVY BILL WILL BE MODIFIED

City Council Takes Kindly to the Suggestions Made by Senator A. F. Ferris.

MEETING OF THE CITY COUNCIL

The Motion to Reconsider McCabe Matter Was Lost by the Vote of 6 to 4

At its meeting last night in chambers the members of the city council had under consideration the very important question of the tax levy on the assessed valuation of the city and county for road and bridge purposes.

It will be remembered that a bill was drafted a short time ago by City Attorney Fleming, and sanctioned by the city council, providing for a relief in the matter of illegal assessments made or to be made for the road and bridge fund, the county commissioners, not having been cognizant of the fact that a law was passed in 1895, providing that the levy for road and bridge purposes must not exceed one mill of the assessed valuation. The commissioners in the past have simply viewed the county, estimated what money was needed for this purpose, and then made the levy to meet the requirements. This year for instance, the levy is 2.6 mills, or 1.6 mills in excess of the legal levy. Attorney Fleming sent the bill to Senator A. F. Ferris, to be introduced.

Senator Ferris was in the city yesterday and was at the meeting of the council to talk the matter over and secure the personal opinions of the aldermen regarding a change in the bill which he thought advisable. Mr. Ferris stated that he considered the bill in its present form very poor legislation. He suggested that the bill should be drafted so that it be made effective after the present taxes already levied are collected, about Jan. 1, 1904, he thought, being a good time to set.

Mr. Ferris pointed out the fact that should the bill become a law at the present time in its present form the entire taxes of the county, already levied, could be disarranged by the act of one man. It would mean that taxes would be tied up, perhaps indefinitely, and in case the person who brought suit won out, the books would have to be all gone over and changed in the county auditor and county treasurers' offices. Mr. Ferris simply urged that this change be made in the bill to prevent an entanglement or tying up of the present assessment. Mr. Ferris expressed the opinion that the city was faring quite well in roads and bridges, two bridges alone having been built at a cost of something like \$35,000.

The only man not to concede to Mr. Ferris' views on the council was Alderman S. Johnson. He thought the city should improve its streets, and demanded to know where all this money in the past had been spent; what had been done.

Mr. Ferris informed him that he was not at the meeting to discuss the judicious expenditure of the money in the past, but to secure the sentiment of the council on the point which he had raised.

Judge Fleming stated that he did not favor the tying up of the present assessments. He suggested a bill legalizing all the past assessments and taxes, but it was decided that such a measure would be hard to get through.

County Treasurer J. T. Frater was also present at the meeting and was in favor of legalizing the past and present taxes, but he thought it would be a great mistake to disarrange the present assessment.

The aldermen, with the one exception mentioned, were all of one opinion and took to the point raised by Senator Ferris unanimously. In fact a motion was made by Alderman C. D. Johnson that the bill be amended to read so that it will be effective January 1, 1904. Judge Fleming asked that this be amended so that it would be ready "whenever hereafter" such levies are made.

It was finally decided to leave the matter to Mr. Ferris to amend, it being the sentiment of all that the point was well taken. There are several members who thought that the bill would not effect the present assessment. The bill will therefore, in compliance the wishes of the council, be amended so that it will not become effective until after January 1, 1904.

The regular meeting of the city council was held last night, with President Crust in the chair. The following aldermen were present: Halladay, Gardner, Purdy, Murphy, C. D. Johnson, F. H. Gruenhagen, Robertson, Rowley and S. Johnson.

The following report of Clerk Low, of the municipal court, for the month of January, was received and was on motion filed: Number of arrests in city cases, 16; number paid fines, 15; number discharged after hearing, 1; amount of fines collected, \$191.50; number of civil cases commenced, 12. Supt. Peterson reported 102 incandescent lights cut in during the month of January, none cut out, 70 are lights and 504 meters now in use. He also reported the machinery at the power house in better condition than ever before. The report was on motion accepted.

Street Commissioner Weitzel reported having bought 402 cords of rock, enough according to the estimate of former City Engineer Whiteley, to finish the work of macadamizing Front and Laurel streets. The report was on motion accepted.

Dr. Thabes, of the board of health, reported four cases of small pox and 2 cases of scarlet fever in the city during the month of January.

The following pay rolls were allowed:

Police	\$320.50
City Employees	348.33
Fire Department	122.50
Electric Light Dept.	417.25

When the pay roll of the street employees was read Alderman Robertson flashed a copy of the city charter, and after calling attention to the fact that the charter required an itemized statement of the work done on the streets, moved that the same be itemized before paid. An amendment that the matter be referred to the street committee, and after being checked up allowed, carried.

The finance committee, to which was referred the matter of investigating the sinking fund to see if the money could be used for any city purpose, reported that they had learned that it could not; that this money was to pay bonds or interest on the same. The amount now in the fund is \$5,198.25.

Alderman Rowley brought up the matter of purchasing cedar poles. He had been up the M. & I. and got a corner on cedar poles at \$2 apiece, f. o. b. He thought that poles at this price, even though shipped from any point on the M. & I. is less than the council has been paying. The matter was referred to the purchasing committee with power to act.

The sewer committee was given further time to report on the matter of drainage on the A. L. Hoffman property in Southeast Brainerd.

The bill allowing the members of the fire department pay for attending the Gruenhagen building fire was referred to the fire committee on the ground that there were names of men included who are not firemen.

A petition asking for a water main and a hydrant between Fifteenth and Eighteenth streets on Norwood, was sent in. It was signed by the proper number of free holders. It was referred to the fire committee to report at next meeting.

Fate seems to be pitted against P. E. McCabe in his efforts to secure a liquor license from the present council. He was turned down cold again and the matter seemed to drop with a dull, sickening thud. The question came up in the form of a motion by Alderman Gardner that the matter of granting him a liquor license, the same having been rejected at the last meeting of the council, be reconsidered. Alderman Robertson, who was chairman of the committee which did the investigating, wanted to know if the motion made by the alderman from the First was out of order. The chair ruled that it was not and Alderman Gardner's motion received a second and the question was thrown open to discussion.

Those who had voted against the proposition at the last meeting began to inquire if there was any new evidence that could be adduced which would place Mr. McCabe in a better light. An affidavit was then read by the city clerk at the request of Mr. Gardner. It was sworn to by the father of the girl, Alvina Kronke, who is claimed to have stayed with a man for three days at McCabe's hotel. The elder Kronke's affidavit was certainly a hot thing and would be good reading for the Police Gazette or Saturday Blade. The father of the girl went on to tell about the time his daughter was supposed to be united in marriage to Jos. Jobinski; how they came to the city to attend the wedding, etc. He stated that

his wife stayed at McCabe's hotel for two or three days before the wedding was supposed to take place and that Jobinski and his daughter were also there, occupying a room together. No objection was made to this by the parents.

The motion to reconsider the matter lost by a vote of six to four. The following was the vote: Nays—Halladay, Murphy, S. Johnson, Robertson, Crust and Rowley. Ayes—Gardner, Purdy, C. D. Johnson and Gruenhagen.

A. E. Moberg appeared before the council and asked that the usual custom of rebating the amount of light rental for the year to the Y. M. C. A. be again complied with. The council passed a resolution ordering the rebate of \$162 as per the request.

The matter of getting things in the city engineers office straightened out so that Engineer Woolman will be placed on on a firm basis was again taken up. At the last meeting Mr. Woolman was asked to submit a proposition as to what he would charge for furnishing a new plat of the city and he said that he was willing to do the work for \$100. The proposition was finally accepted.

Alderman Gruenhagen moved that a committee of three be appointed to consult with the city engineer as to plats, maps etc. Again Alderman Halladay opposed such a move, as he thought it was conflicting with the work of the street committee, and unless he was sure that this was not the case, he would resign from said committee. It was explained to him that it was not the intention of the mover to have the work of this committee conflict with that of the street committee in any manner whatever. The motion of Mr. Gruenhagen finally carried and the following aldermen were named on the committee: Gruenhagen, C. D. Johnson and Halladay.

Another question in reference to the city engineer came up. It was suggested that it would be a wise thing to furnish him an office where the city plats, maps and profiles could be kept and other papers of material importance to the city filed and recorded. The matter was referred to the street committee with power to act.

It has become apparent that someone has blundered and the city will be out a few dollars. It seems that the water main on west Laurel street is frozen and when asked to thaw it out the Minnesota Water Works Co. refused to make a move. Supt. Wright was at the meeting and stated that it was up to the city; that the contract between the city and the water works company was to the effect that the water mains laid seven feet freeze, the city is to provide the remedy. The main was down seven feet but in grading the street for paving last summer two feet of earth was taken off the surface and the main has frozen up. The contract with the water works company provides that when the grade of the street is changed the mains must also be changed to conform. The matter was left in the hands of the fire committee with power to act.

On motion of Alderman Rowley the city clerk was instructed to issue a refunding order for the amount of P. E. McCabe's liquor license, less the time he was in business after the license money was paid.

City Clerk Low stated that he had seen Mr. Whiteley about turning the city plats, maps and profiles over. Mr. Whiteley stated that some of his personal matters were in the same books, but as soon as he could copy these out he would turn everything over to the city. The council granted him further time.

The matter of buying instruments for the new city engineer was referred to the special committee with power to act.

Supt. Wright, of the Minnesota Water Works Co., reported a hydrant in bad shape on the corner of Second avenue and Kindred street. The matter was referred to the fire committee with power to act.

The Mountain View Route.

This is what the Northern Pacific

Shasta, or Shasta—Northern Pacific
Route—it reads as well back-
ward as forward—may well be
called.

The route takes its name from Mt.
Shasta in northern California. This
white, snow capped peak, at the foot
of which the Shasta route winds, is
14,350 feet high. The mountain is in
plain view for several hours from the
train and its distance from the track
varies from twelve to seventy-five
miles.

The beautiful scenery of the Sacra-
mento river at the base of Shasta,
is connected with this route only.
Castle Crags, Mossbrae Falls and
the natural twin soda fountains at
Shasta Springs are scenic gems.

The crossing of the Siskiyou range
furnishes the par excellence of rail-
way mountain scenery and observa-
tion cars are furnished there free of
charge. Then in succession comes
Mts. Jefferson, Hood—a beautiful
mountain—St. Helens, Rainier—14-
532 feet high—and Adams, all former
active volcanoes and now covered
with glaciers.

From Portland a steamboat ride
trip up the noble Columbia river to
the Cascades and Dalles enables the
tourist to see a river, palisades,
waterfalls and mountains far sur-
passing anything the Hudson can
show.

An opportunity is also given to
visit Tacoma, Seattle, Victoria, Van-
couver and the Puget Sound region.

Then follow the cascade range and
the Rockies, and best of all, a stop
can be made at Yellowstone Park.

This line traverses the finest scenic
region of the United States—don't
forget it, and see that your return
tickets home from California read
around this way.

The train service between Port-
land and the Puget Sound country,
and Duluth, Minneapolis and St.
Paul via Spokane, Butte and Helena,
is unsurpassed, including through
trains daily, one of which is the
noted "North Coast Limited."

lars. An amendment by Mr. Rawlins
calling for an appropriation of \$50-
000,000 to further the work of irrigat-
ing the arid lands furnished material
for considerable discussion. Mr. Raw-
lins contending that the surplus in
the treasury could be better used in
this manner than by turning it into
the national banks. The amendment
was rejected on a point of order.

When the Aldrich financial bill was
taken up Mr. Tillman continued his
remarks begun Saturday. He was fol-
lowed by Mr. Carmack, who replied to
some criticisms of a recent speech
by him on the subject of murders in
the Philippines. During the course
of the day the conference reports on
the fortifications appropriation bill
and the Alaskan homestead bill were
agreed to.

Bills Sent to Conference.

The immigration and omnibus pub-
lic bills were sent to conference.

After a brief executive session the
senate at 6 o'clock took a recess until
8 o'clock.

Mr. Morgan got the floor soon after
the night session began and held it
for nearly two hours. While speak-
ing, he observed Mr. Aldrich smile,
and called attention to it. Mr. Al-
drich jestingly remarked that he
smiled because Mr. Morgan was not
talking on the Panama canal. Mr.
Morgan replied that that had no con-
nection with the financial bill except
the stealing part of it, which is in
Paris.

Mr. Bailey made a strong plea
against filibustering and said that
four great measures had been defeat-
ed by filibustering against the state-
hood bill. He mentioned that bill,
the two treaties and the financial bill.
Other senators said it was evident the
Aldrich bill could not pass.

Tillman Convulses the Senate.

Mr. Tillman convulsed the senate
by declaring that Mr. Quay, "The
most astute politician in the United
States" had buncoed the Democrats
on the statehood bill, using it to de-
feat the trust legislation. Mr. Quay
denied this, saying he had pressed the
statehood bill before the anti-trust
campaign began. Mr. Aldrich said
the obstructive tactics surprised him
and that he wanted the country to
know where the responsibility rests
should the bill fail.

The conference report on the post-
office and agricultural appropriation
were agreed to and the deficiency bill
sent to conference. At midnight the
senate adjourned.

WEARY STRUGGLE.

House Works Steadily to Wind Up

Business of Session.

Washington, March 3.—From 11
o'clock in the morning until late at
night the house struggled laboriously
against the Democratic filibuster,
working steadily to wind up the ne-
cessary business of the session. Despite
another special rule adopted early in
the day, legislation proceeded at a
snail's pace. Roll call followed roll
call on every proposition. The voices
of the reading clerks were worn out
by the ceaseless calling of the roll and
several clerks from committees have
been drafted to help out. Since
Thursday last, when the filibuster
was inaugurated, there have been over
sixty roll calls as against fifty-seven
for the entire long session, lasting
from Dec. 1, 1901, to July 3, 1902. The
members also show the effects of the
heavy strain, but they are sticking to
their posts.

At night the great hall presented a
disheveled appearance. The floor
was strewn with bits of paper, looking
as if a snow storm had swept through
the hall.

Many Weary Watchers.

In the galleries among the specta-
tors were many weary watchers in-
terested in bills doomed to failure,
but still hoping on to the end. The
proceedings were enlivened several
times as the leaders of the respective
sides crossed words. Their tempers
had not been sweetened by their long
vigilance and frequently the sparks
flew.

The conference reports on the Alas-
kan homestead bill and the immigra-
tion bill were adopted, the omnibus
public building bill and the general
deficiency appropriation bill were
sent to conference. The Otjen bill
to prohibit tobacco dealers from giv-
ing prizes, the bill to provide for a
delegate from Porto Rico, a bill to
advance Major W. C. Gorges to the
rank of assistant surgeon general and
a bill for the relief of Lieutenant B.
F. Handforth were passed. That was
the net result of the session up to 9
o'clock p. m.

EXTRA SENATE SESSION.

President Issues Proclamation Calling

One on March 5.

Washington, March 3.—The presi-
dent has issued a proclamation call-
ing for an extraordinary session of the
senate of the Fifty-eighth congress to
meet March 5. The proclamation is
as follows:

"Whereas, Public interests require
that the senate should convene in ex-
traordinary session, therefore, I, The-
odore Roosevelt, president of the Uni-
ted States of America, do hereby pro-
claim and declare that an extraor-
dinary session requires the senate

of the United States to convene at
the capital in the city of Washington
on the 5th day of March next, at 12
o'clock noon, of which all persons who
shall at that time be entitled to act
as members of that body are hereby
required to take notice."

INDIANOLA POSTOFFICE CASE.

All the Papers Bearing on the Sub-
ject Sent to the House.

Washington, March 3.—Postmaster
General Payne during the day for-
warded to the house all the papers in
the case of the Indianola, Miss., post-
office, which was discontinued by the
administration because of the forced
abandonment of the office by its ne-
gro postmistress, Mrs. Minnie V. Cox.

The correspondence shows that A. B.
Weeks, a brother-in-law of Mayor
Davis of Indianola, began his candi-
dacy for the postoffice against the
negro incumbent as far back as April
7, 1902, when he began sending a long
series of letters and telegrams to the
department urging his own appoint-
ment. The papers include an extract
from a letter of a postoffice official
dated Feb. 23, 1903, narrating a con-
versation which it says took place at
Biloxi, Miss. In this letter Mayor
Davis of Indianola is quoted as saying
that if Mrs. Cox should again take
charge of the Indianola postoffice
"she would get her neck broken inside
of two hours."

Senator McLaurin of Mississippi
during the day introduced a bill to re-
imburse the people of Indianola, Miss.,
for money expended in providing their
own mail facilities.

NINETEEN LADRONES KILLED.

Detachment of Constabulary Defeats

a Force of Insurgents.

Manila, March 3.—A detachment of
scouts, under the command of Lieut-
enant Nickerson, attacked and de-
feated a body of ladrones near the
village of Marikina, seven miles from
Manila, Sunday. Lieutenant Nickerson
attacked before daylight. After an
hour's fighting the ladrones were
scattered and nineteen were killed
and many wounded. There were no
casualties on the side of the scouts.

The constabulary last Wednesday
surprised and captured the strong-
hold of the ladrones in the mountains
of Albay, Luzon, where a force of la-
drones attacked a small detachment
of constabulary Feb. 20. The con-
stabulary

Met With Some Resistance

from the ladrones, who were defeated
with a loss of ten killed and four cap-
tured. The ladrones' stronghold and
supplies were burned.

Brigadier General Sumner, com-
manding the department of Mindanao,
telegraphed that he expected trouble
along the military road north of Lake
Lanao. He says that the dattos of
the sultan of Mindanao are friendly
and anxious for peace, but are unable
to control sections of their unruly fol-
lowers. General Sumner has warned
the soldiers to avoid any conflict and
to carefully guard against surprises.

PLAGUE AT TORREON.

Rigid Quarantine Established Against

Mexican City.

Laredo, Tex., March 3.—Both the
state and federal quarantine officers
have received instructions to enforce
a quarantine against Torreon, Mexico,
where it is thought the bubonic plague
has appeared.

Dr. J. H. McKnight has received a
dispatch instructing him to quaran-
tine at once against that city and Dr.
H. J. Hamilton of the marine hospital
corps has also received similar in-
structions from the department at
Washington.

A rigorous quarantine is in effect.
Superintendent Clark of the Nation-
al Railroad of Mexico has sent instruc-
tions to all agents of the road to re-
ceive no passengers coming out of
Torreon.

Both the United States and Mexican
governments have sent experts to
Torreon to make a thorough investi-
gation.

It is feared that the plague, being
in a city connected by rail with the
entire country, will spread rapidly,
and in the event of this happening
the entire border will be quarantined
and all communication with the sister
republic stopped.

WANT AN ACCOUNTING.

Charges Filed Against Governor of

Ohio in Matter of an Estate.

Columbus, O., March 3.—Failure
to carry out the provisions of the will
of the late David W. Brooks, who was
for many years the senior member of
the banking firm of Brooks, Butler &
Co., is the charge made against Gov-
ernor G. K. Nash, in a petition filed in
probate court during the day by
Thomas S. David W., Faith and Her-
bert Brooks.

Mr. Brooks named Governor Nash
as executor of his will, which was
executed May 6, 1889.

Plaintiffs claim there is owing to
the estate \$16,500, and ask that the
governor be required to make an ac-
counting of that sum.

Governor Nash said that his admin-
istration of the estate had been en-
tirely regular and that he was per-
fectly willing it should be brought to
an issue.

TUGS UNSUCCESSFUL.

Fail to Float Stranded Vessel at High

Tide.

Queenstown, March 3.—The tugs
were unsuccessful in their attempts
to float the Merion at high tide and a
tender was sent to the steamer to take
off the remaining passengers. The
boisterous weather, however, prevent-
ed the tender going alongside and the
passengers will have to spend the
night on board the steamer. Admir-
alty tugs will help in the effort to get
the vessel afloat in the morning.

MAIL POUCHES STOLEN.

Thousands of Letters Rifled at Cedar

Rapids, Ia.

Cedar Rapids, Ia., March 3.—Two
mail pouches containing letters to
points on the Rock Island between
Vinton and Sioux Falls were stolen
from the push trucks at the Union
station here Saturday night. Monday
night hundreds of letters, all rifled,
were found in a slough half a mile
north of town. Everything of value
had been stolen.

After Sickness

Take Vinol—Our Great

Strength Creator.

IT GIVES ONE A SPLENDID

APPETITE.

AND QUICKLY REBUILDS

THE SYSTEM.

We Will Refund the Price of

Vinol if It Fails.

The worst part of sickness, frequent-
ly, is getting over it.

The patient's strength is depleted,
his system is generally demoralized,
relapses are continually feared, and
naturally.

The one thing to aid recovery is to
give the patient that which will enable
him to get strong, and at the same time
give strength direct to the different
organs of the body.

Nothing will do this like Vinol.

It acts directly on the stomach, cre-
ates a healthy appetite, and enables
the digestive organs to obtain the nec-
essary elements to increase the weight
of the patient and to make new healthy
flesh and muscle tissue and pure, rich,
red blood.

The following is a letter showing
where Vinol was taken and did good
after a case of sickness. It reads as
follows:

"I wish to certify to the very great
benefit which has been derived from
the use of Vinol in my family. My
wife was very sick with the gripe and
afterward was wholly run down. One
bottle of Vinol places her on her feet
in better condition than she had been
before in six months. I heartily recom-
mend and endorse it."—HENRY F.
STURTEVANT, 81 Huntington St., Brock-
ton, Mass.

Everything that is in Vinol is
plainly printed on the label of
each package.

We know Vinol is a splendid
preparation, and in many cases
we have been able to see for our-
selves the wonderful results it
brings about.

Remember that we guarantee
Vinol and refund the purchase
money if you are not satisfied.

Card of Thanks.

We wish to extend thanks to the
many kind relatives and friends and
to Hope Hose Co., No. 1, B. F. D.
for floral offerings and for kindly aid
extended us in the recent illness and
death of our little Kenneth.

MR. AND MRS. OSCAR HAGBERG.

Tragedy Averted.

"Just in the nick of time our little
boy was saved," writes Mrs. W. Wat-
kins of Pleasant City, Ohio. "Pneu-
monia had played sad havoc with
him and a terrible cough set in be-
sides. Doctors treated him, but he
grew worse every day. At length
we tried Dr. King's New Discovery
for consumption, and our darling
was saved. He's now sound, and
well." Everybody ought to know
it's the only cure for coughs,
colds and all lung diseases. Guar-
anteed by H. P. Dunn & Co., druggist.
Price 50c and \$1.00. Trial bottles
free.

To The People of Brainerd

LADIES AND GENTLEMEN:—
The spring season will soon open
up and house cleaning will be in
order. To do so properly you will
have to make some changes. New
paint and paper will have to be put
on. Economy in this line, is gener-
ally the rule. To assist you in secur-
ing your wall paper at a very low
cost, I have secured sample books, of
the G. W. Turner Co., of Minneap-
olis, and Wm. Stevenson Co., Chicago
Ill. These lines are the best that
the market affords, comprising
white blanks, plain and embossed
bronzes, plain and embossed flats,
silks, cretonnes, self tone effect, tap-
estries, varnished tiles, stripes in
plain floral and damask effects, in-
grains plain figured and crepe, with
borders and ceilings to match. In-
cluded in these samples are some
patterns made by the F. E. James
Wall Paper Manufacturers, which
they guarantee, NOT TO FADE. Every
roll stamped with their guarantee.
These lines must be seen to be ap-
preciated. You who are going to do
papering, call and look over these
samples before purchasing elsewhere.

Yours for business,
